

USING INCENTIVES/REMUNERATION IN HUMAN SUBJECTS RESEARCH

Date: _____ Researcher Name: _____

Project Title: _____

of Participants Expected: _____ IRB Protocol No. (if applicable) _____

Type of Incentives Requested:

Check

Cash

Gift Card

Drawing: _____

Non-cash item: _____

Other: _____

(Note: Incentives involving food, beverage, raffles, entertainment & lotteries are unallowable.)

Does your incentive study include vulnerable populations? Yes No

If yes, please explain:

Age group of Participants:

1-6 years old

7-12 years old

13-18 years old

18+ years old

Additional Questions (please answer to the best of your ability based on your planned research protocol):

- 1) Total \$ amount of incentives expected?

- 2) If financial incentives are not provided, what type of incentive is being used (e.g., class credit)?

- 3) What is the planned source of funding for incentives (e.g., grant)?

- 4) Provide justification demonstrating that the amount of compensation is reasonable/nominal:

- 5) Discuss how you will eliminate or minimize the appearance of undue influence rather than voluntary participation for study subjects:

- 6) What specific evidence leads you to believe that participation is unlikely without incentives:

- 7) What is the estimated impact to your study if incentives were not used:

- 8) How will incentives be distributed and tracked (e.g. participant receipt form):

- 9) How will incentives be pro-rated for those who drop out of the study?

- 10) Please provide any additional information, justification, or comments below:
